DEKONMATE®
Equipment Wipe

SAFETY DATA SHEET

Version 3.0 Issued 01 / 06 / 2026 Preparation Notes: Replaces Version 2.0 (dated 01 / 10 / 2024)

SECTION 1: IDENTIFICATION

Product Identifier and the Chemical Entity

1.1 Product Identifier	DEKONMATE Equipment Wipe (Product Code DEEW5012)
1.2 Identified Use	Quickly cleans oil, smoke and stains, gentle and material-safe.
1.3 Supplier / Company	DECON International Pty Ltd 16 Kensington Road, Rose Park, South Australia, 5067, Australia
1.4 Emergency Phone Number	Emergency No. 1300 653 673
Contact Point	P.O.Box 2, Kent Town, SA 5071

SECTION 2: HAZARD(S) IDENTIFICATION

Hazchem Classification	Not classified as 'Hazardous' according to Directive (EC) No 1272/2008 and subsequent amendments.
Eye Contact	Not expected to present a hazard to the eyes under normal conditions of use but direct contact of the impregnating fluid with the eyes may cause slight transitory irritation.
Ingestion	Not expected to present an ingestion hazard under normal conditions of use.
Inhalation	Not expected to present an inhalation hazard under normal conditions of use.

SECTION 3: COMPOSITION AND INFORMATION ON INGREDIENTS

INGREDIENTS	U.N. Number	CAS No.
Water	N/A	7732-18-5
Dipropylene Glycol Monomethyl Ether	N/A	34590-94-8
Lauryl Glucoside	N/A	110615-47-9
Polyaminopropyl Biguanide	N/A	32289-58-0
Tetrasodium EDTA	N/A	64-02-8
Parfum	N/A	N/A

SECTION 4: FIRST AID MEASURES

Eye contact	If the impregnating fluid comes into direct contact with the eyes, immediately flush with plenty of water. Seek medical advice if irritation develops.
If Swallowed	Do not induce vomiting unless directed to do so by medical personnel. Give a glass of water to drink and seek medical attention.
On Skin	No irritation expected under normal conditions of use. If irritation occurs, wash with plenty of soap and water. Where large quantities are involved, remove contaminated clothing and wash before reuse. If irritation persists, seek medical advice.
If Inhaled	If inhalation occurs, remove from further exposure. Seek medical advice if effects persist.
Advice to Doctor	Treat symptomatically.

Acute Effects

Eyes	Eyes: May be irritating. Corneal injury is unlikely.
Swallowed	Swallowed: Ingestion of large amounts may cause nausea, diarrhoea or vomiting. Harmful effects not anticipated from swallowing small amounts.
Skin	Skin: Not expected under normal conditions of use. May be irritating with prolonged contact, especially when handling bulk quantities of liquid.
Inhalation	Inhalation: Not expected under normal conditions of use. Excessive exposure may cause irritation to the nose and throat.

Chronic Effects

N/A	**No data available.**

SECTION 5: FIRE FIGHTING MEASURES

Suitable extinguishing media:	Water spray/fog, foam, Carbon dioxide and dry powder.
Extinguishing media which must NOT be used:	Water jet
Protection Equipment for Firefighters	Standard protective equipment should be worn by fire fighters. In the event of a large fire, toxic fumes containing oxides of carbon may be formed, which would necessitate the use of self-contained breathing apparatus.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid direct contact of the impregnating fluid with the eyes.
Clean up procedures:	Absorb any impregnating fluid onto a suitable inert material and collect mechanically with spilled product for subsequent disposal.

DEKONMATE® Equipment Wipe

SAFETY DATA SHEET

SECTION 7: HANDLING AND STORAGE

Handling	No special measures required but avoid direct contact of the impregnating fluid with the eyes.
Storage	Store under normal warehouse conditions.

SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure Limits	8 hr TWA 308 mg/m3 (50 ppm) (for Dipropylene Glycol Monomethyl Ether). STEL=150 ppm (for Dipropylene Glycol Monomethyl Ether).
Exposure controls	No assigned values for the ingredients of this preparation.
Personal protection	None required under normal conditions of use.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

State	Non-woven fabric wipes impregnated with colorless solution
Colour	White
Odour	Scented
pH of impregnating fluid	ca.5.5-6.5
Solubility	Impregnating fluid completely miscible with water

SECTION 10: STABILITY AND REACTIVITY

General Toxicity	Based on the ingredients present and their concentrations, this preparation is, according to the conventional method of Regulation (EC) No 1272/2008 and subsequent amendments, classified as not 'Dangerous' according to health criteria.
Acute Oral	The oral LD50 (rat) value for the impregnating fluid calculated from those of the individual ingredients is >10,000 mg/kg.

SECTION 11: TOXICOLOGICAL INFORMATION

General Toxicity	Based on the ingredients present and their concentrations, this preparation is, according to the conventional method of Regulation (EC) No 1272/2008 and subsequent amendments, classified as not 'Dangerous' according to health criteria.
Acute Oral	The oral LD50 (rat) value for the impregnating fluid calculated from those of the individual ingredients is >10,000 mg/kg.

SAFETY DATA SHEET

SECTION 12: ECOLOGICAL INFORMATION

Hazardous Classification	Based on the ingredients present and their concentrations, this preparation is not classified as hazardous to the environment in accordance with Regulation (EC) No 1272/2008.
Biodegradability	The surfactant ingredients contained in this preparation comply with the biodegradability criteria laid down in Regulation (EU) 2026/405 (and may continue to be deemed compliant with (EC) No 648/2004 during the transition period until 23 September 2029).

SECTION 13: DISPOSAL CONSIDERATIONS

Wipe Disposal	Do not flush and dispose of the preparation in accordance with local and national regulations.
Container Disposal	Dispose of the containers in accordance with local and national regulations.

SECTION14: TRANSPORT INFORMATION

Transport Classification	This preparation is not classified as 'Hazardous' for transport purposes.

SECTION 15: REGULATORY INFORMATION

Classification	This preparation is not classified as 'Hazardous' for transport purposes.
Ingredients	Aqua,Dipropylene Glycol Monomethyl Ether,Lauryl Glucoside,Polyaminopropyl Biguanide,Tetrasodium EDTA,Parfum
Safety Information	Keep out of reach of children. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

SECTION 16: OTHER INFORMATION

Issue Date	14th May. 2026

This Safety Data Sheet, which takes into consideration the requirements of Regulation (EC) No 1223/2009 and subsequent amendments and Regulation (EC) No 1272/2008 plus subsequent amendments, has been prepared in accordance with Regulation (EC) No 1907/2006.

It is believed to be correct and corresponds to the latest scientific/technical knowledge but all data, instructions, recommendations and/or suggestions are made without guarantee.
